MAILBOX CLEAN-UP

Dear Residents:

On Tuesday, September 14, 2021, the semi-annual mailbox cleaning and insect control project will begin for all 120+ community mailboxes – this project will be ongoing for several weeks until all boxes are cleaned and treated. The mailboxes are wiped down to remove dirt, cobwebs, and other debris, and a solution containing an organic botanical rosemary oil will be used to treat and prevent insects and to prevent the spread of cobwebs.

This project will *NOT* disrupt mail delivery.

If you have any questions, please contact Management at: (714) 960-5475.

Thank you,

Management
