## HARVEST

### Olive Trees Treatment

4/26/21

2<sup>nd</sup> (Final) spray

Dear Residents,

Harvest Landscape will spray a 2<sup>nd</sup> application and as final treatment to our Olive Tree spray treatment project (objective: To prevent Olive droppings to our sidewalks for your safety) is scheduled for trees located along sidewalks all throughout our Community. Below are TENTATIVE dates, subject to change due to weather condition- we will alert the community whenever there are changes.

<b>April 28-30, 2021 during business hours 8am – 4pm</b>	<b>Sidewalks around Bldgs. 11, 7, 14, 15, 1,2,204,206, 209 216,218,304,305, 314, 307, 308, 412, 401,520, 604, 605 &amp; Mgmt parking lot.</b>
--	---

The Olive trees have been pre-selected and pre-approved by an arborist. The work has been authorized by the Board of Directors and Management. Spray treatment of trees (Treatment product information is available at the Management Office).

Also, the selected trees have been pre-inspected for birds and other wildlife habitation. The landscape crew is trained in proper measures if they encounter nests, birds and other wildlife and will take all precautions and care necessary so as not to disturb or destroy protected habitats.

***To ensure safety all around, please do not approach or disturb the landscape crew when they are on-site. Please observe signage and avoid these areas for the workers safety and yours.***

If you have any questions, please contact Management. Thank you,
