

Let Us Do It Together

Paul Armstrong

Management Experience

Over 40 years managing large organization: 300+ Employees, \$1B budget.

I can bring this experience to Huntington Landmark dealing with:

- A \$5.5M budget
- Multiple contracts
- Meeting members expectations
- Community harmony
- Listening to the members

All the while being a good listener and engaging in conversations pertinent to Huntington Landmark. Understand both sides by participating, discussing, and carrying out ideas and solutions.

Goals

Improve Communication.

Be a voice for the residents. There are three entities: Board, Management and Residents. Only the first two address the residents directly. Why not the residents to?

Listen

Need ideas from residents: How? Reinstate Office Hours, Use more surveys.

- Honesty Integrity Transparency
- My definition of integrity. Someone who makes good choices/decisions especially when no one is looking.
- Visiting standing Committees to better understand the workings of Huntington Landmark.

Community Involvement

- Officer is three Huntington Landmark Groups
- Creator of Monday Game Night to enhance the social qualities here.
- Worked at numerous events: St. Patrick's Day, Billiards Tournaments, Golf Tournaments, et al.

Asking for your input so a collective decision can be made. Change is good if it is a good change.
